CHRISTMAS GIFTS FOR HIM

Our favourite funky Christmas presents for men

BOBELLE ATLAS LEATHER IPAD CASE, £80

If he's lucky enough to be getting the must-have gadget this Christmas - or perhaps even owns an iPad already - then he might like a sleek protective case to house it in. And with this, you can rest safe in the knowledge that you're making an eco-friendly purchase. BoBelle products are all handmade and fairly traded, and created from the softest eel skin leather - a by-product of the Asian food industry. Waste not, want not!
